Sessions by World Area(s)

Each presentation in the program is marked with the world region(s) that it covers. At the end of each presentation, the instructor will punch the corresponding world region on your WLF passport. You can only get one world region punched per presentation, so you will need to choose your presentations carefully if you wish to get a punch for each region. At the end of the day, you will receive one raffle ticket for each world region punched on your passport, so the more varied the presentations you attend, the better your chances are at winning a prize!
